Brigadier General John M. Willis, United States Army, (second from left), addressed a large audience of Dixon business and professional men, guests of the Dixon Lions club at the club's weekly luncheon at Hotel Dixon this afternoon. General Willis' subject was "The Making of a Soldier". He is shown with Harry Bates, president of the club; Mayor William V. Slothower and the general's chauffeur, Lieutenant William Looby.

## Millions Worth of Auto Parts Stolen by Ring, Says FBI

### 30 Men Seized; Eastern Firm Indicted for Alleged Frauds

Washington, Dec. 2.—(AP)—The justice department announced today that FBI agents had seized 30 men in Detroit, Chicago and New York in connection with a stolen auto parts ring alleged to have taken millions of dollars worth of materials from the Ford Motor Company.

J. Edgar Hoover, director of the Federal Bureau of Investigation, said that the total value of parts stolen from Ford plants had not been determined, but that information now available indicated that the ring in operations thus far in 1941 had netted "at least \$1,000,000" and that the figure might "run as high as \$3,000,000 or \$4,000,000."

The seizures were made early today on a complaint obtained secretly in Detroit where the operations of the ring centered, a statement by the justice department said.

"Two fences alone, who are not the largest operators in the ring," the statement said, "admitted to FBI agents purchasing stolen parts this year valued at more than \$500,000 which were transmitted out of the state of Michigan."

### MAIL FRAUD CHARGED

Detroit, Dec. 2.—(AP)—The Fidelity Investment Association, four of its Wheeling, W. Va., subsidiaries and 13 individuals were named today in a federal grand jury indictment charging violation of the Securities & Exchange Act and mail fraud.

The \$600,000,000 investment association, which has been operating as the Fidelity Assurance Association since December, 1940, was accused of operating three subsidiary corporations to conceal investments in real estate securities which were alleged to have been written on the books at a value exceeding the market price.

The indictment named the investment association, and not the assurance association which succeeded it.

The 12-count indictment charged that the company made mislead-

## Treasury Spends Thrice Income

Washington, Dec. 2.—(AP)—The treasury revealed today on the eve of a new tax legislative program that it took in only about \$1 for every \$3 it spent in the first five months of the fiscal year ending with November.

The treasury said it spent \$8,995,756,509 and it took in \$2,953,607,744 leaving a deficit of \$6,042,148,765.

Officials held some hope that the ratio of collections to expense would improve later in the year when new taxes voted this year have had time to become effective, but are concentrating at present on an additional tax program estimated at approximately \$5,000,000,000.

The defense program accounted for 70 per cent of the expenditures, and totaled \$6,367,631,056 in the five months.

The November defense total was \$1,436,699,307. This was about \$90,000,000 less than the October figure, but the decline was attributed by officials to the fact that November contained two holidays—Armistice Day and Thanksgiving—and also five Sundays.

## The War Today!

By DEWITT MACKENZIE  
Wide World War Analyst  
(Telegraph Special Service)

One of the most important developments of recent months has suffered a black-out because of the more sensational American-Japanese crisis, the Nazi rout at Rostov and the great allied drive against the axis in the Libyan desert.

I refer to the fact that the soviet has delivered under naval convoy at Istanbul, Turkey, three barges laden with the oil which is more precious than rubies these days—the first shipment of its kind since the Russo-German conflict began. Further, it's said that the Muscovites, in order to offset the economic pressure on the Turks, have offered them all the oil they need henceforth, and they need plenty.

Now that move might easily develop into a major victory for the allies. Its significance is that apart from the Caucasus, from which the Germans have just been flung back, Turkey is the only feasible land-gateway from the continent to the Middle and Near East, once the Bosphorus or Dardanelles has been jumped.

In other words, Turkey is one of the most valuable stretches of terrain on earth right now in the eyes of either the axis or the allies.

That's why both sides have been doing their utmost to swing the Turks away from neutrality and into their respective camps. Thus far the British seem to have the inside track, but the cautious Ottomans have given signs of trying to remain neutral so long as possible, or at least until it seems wise to make a shift.

The side which wins the outright support of Turkey will have got a rich prize. If that support could be secured before the crucial fighting of next spring, it would be worth a kingdom either to Hitler or his enemies, and I dare say Ankara might even get that price if it chose to bargain.

Thus the Russian move of supplying the Turks with the oil which they need so badly becomes a matter of moment. That is a commodity without which modern war cannot be waged and industry's wheels cannot turn—a fact which is worrying Herr Hitler even more than it is Turkey.

In connection with the attempt to swing the Turks to the allied cause, some Washington observers are speculating whether William C. Bullitt, who has just been assigned to the Near and Middle East as presidential observer, may

### Without a Shot

Salisbury, N. C., Dec. 2.—(AP)—T. Kern Carlton, gun alert, waited for the cooing of quails to rise. A single bird flew out and headed in a bee line for his head. He turned to dodge and the quail struck Carlton's gun and fell dead at his feet.

For several days following his arrest and confession of the crime, Jordan was a prisoner in the Lee county jail, where he was under the constant guard of two White-side county deputies. Later, when it became known that he was held in the Dixon jail, he was reported to have been taken to Oregon, where he remained in the Ogle county jail under guard for several days.

## Mrs. Ralston Sees First Lady on Visit to Capital Seeking Material

Mrs. John G. Ralston returned yesterday from Washington, D. C., where she had been for several days on business for Reynolds Wire Co., of which she is president, and during her stay in Washington, she had an interview with Mrs. Franklin D. Roosevelt, which was reported in Mrs. Roosevelt's "My Day" column in syndicated newspapers on Tuesday, November 25th, as follows:

"I returned to the White House in time for my press conference at 11 o'clock. At noon, I met a very charming young woman, who, with her sister, has taken over her late husband's business, the making of

## Powerful British Flotilla Arrives at Singapore Base

### Tension in Far East Near Explosion Point; FDR Makes Inquiry

(By The Associated Press)  
Britain's new 35,000-ton battleship Prince of Wales steamed into the great Singapore naval base today at the head of a flotilla of powerful naval reinforcements as Japanese dispatches asserted that British imperial troops were massing along the Thailand frontier for an invasion.

The Prince of Wales, which took a major role in the sinking of the Bismarck last May, flew the flag of the new commander of the eastern fleet, Admiral Sir Tom Phillips.

It was announced that other units of the fleet (which evidently is an expansion of the old China flotilla) would arrive in due time. (The Prince of Wales is the first capital ship Britain ever has sent to the Far East prepared for action. The arrival of this flotilla greatly increases the might of the naval forces assembled in the southwestern Pacific area against any possible further Japanese moves.)

In Washington, it was disclosed that President Roosevelt was asking the Japanese questions which were said to include requests for an explanation of Japanese military moves into Indo-China and toward Thailand.

Japan's envoys again called at the state department and Saburo Kurusu told newsmen he thought

## Two State Experts Give Slayer Test

Dr. Louis Belinson, assistant managing officer, and Mrs. Anna Johnson, psychologist at the Dixon state hospital, were in Morrison Saturday where they visited Leo Jordan in the Whiteside county jail. The state hospital staff members were requested by Jordan's counsel, to come to Morrison and conduct psychometric and psychiatric examinations of the 23-year-old prisoner, who is held for the murder of five-year-old Warren Paul Snyder at Fulton on the afternoon of Nov. 3rd.

For several days following his arrest and confession of the crime, Jordan was a prisoner in the Lee county jail, where he was under the constant guard of two White-side county deputies. Later, when it became known that he was held in the Dixon jail, he was reported to have been taken to Oregon, where he remained in the Ogle county jail under guard for several days.

wire screening. Priorities affect this industry, especially where they use copper. It is not a very large industry and the amount of materials needed in it are not very great, but Mrs. John Ralston is here not only in the interests of her own plant or the industry, but because of the danger she feels a shortage in screen wire will mean to the health of the nation.

"She points out that screens are of vital importance in our camps, and in all our defense industry buildings. Without them, we lay ourselves open to epidemics of all kinds which are spread by flies and mosquitoes."

## Strike on Nation's Railroads Averted After Long Parley

### Terms of Settlement of Wage Dispute Given to President Today

Washington, Dec. 2.—(AP)—The threat of a strike was lifted today from the nation's railroads, simplifying the problems of traffic chiefs who must accommodate the heaviest holiday business in two decades on lines already jammed with defense freight.

Settlement of the dispute over wages and vacations was announced last night by Wayne L. Morse, chairman of an emergency board appointed by President Roosevelt.

Morse withheld exact terms of the peace agreement until it could be submitted to Roosevelt today, but other sources declared the pact would add from \$300,000,000 to \$325,000,000 a year to the carriers' payrolls.

The walkout had been set for next Sunday, and hundreds of thousands of soldiers, due for Christmas furloughs, had been wondering how they were to get home from camp.

The settlement capped two days and nights of almost continuous negotiations between the railroad brotherhoods and the carriers, with the President's board acting as a mediation agency.

### FDR Called for Review

The same board, acting in a fact-finding capacity, earlier had recommended wage boosts totaling \$270,000,000 a year. That plan was rejected both by the 350,000 members of the five operating brotherhoods, and by the 900,000 members of the 14 non-operating unions, although the railroad managements agreed to the increases. After the men who run the trains set December 7 as their strike deadline, Roosevelt called for further negotiations and a review of new found facts in the case.

The operating personnel, whose present pay ranges upward from \$5.08 a day, had demanded a 30 per cent increase. The board, in its first report, recommended a 7½ per cent hike for them and 13½ per cent, or 9 cents an hour additional, for the non-operating employees. The latter classification presently receives from 35 to 85 cents an hour, and asked increases of 30 to 34 cents.

### Reported Terms

According to the best available information, the terms finally agreed upon call for a 7½ per cent retroactive increase for the operating men from September 1 to December 1 of this year, replaced on the latter date by an increase of 9½ cents an hour.

The same sources, outside the board, said the non-operating employees were to receive increases of 9 cents an hour for the September 1-December 1 period and additional 1-cent-an-hour increases thereafter.

The board's original recommendations called for only temporary increases, with the wage structure to be re-examined after December 31, 1942. This feature was said to have been removed in the new settlement plan.

Where the original report called for 6-day annual vacations with

## 18 Face Terms in Prison; Sedition Charge Sustained

Minneapolis, Dec. 2.—(AP)—A possible federal prison term up to 10 years loomed today before 18 persons, members of or associated with the Socialist Workers party who were convicted by a jury here on charges of conspiracy to create insubordination in the armed forces of the government.

Albert Goldman, New York attorney and one of those convicted last night, made plans for filing an appeal before Judge M. M. Joyce in Federal court here next Saturday.

Judge Joyce set next Monday as the date for sentencing.

Conviction of the 18 defendants was on one of two counts of an indictment returned last July after a raid on the Socialist Workers party offices here and in St. Paul. Bushels of literature were seized in the raid, and introduced in evidence at the trial, along with two Red flags and several pictures of Leon Trotsky, communist leader who was assassinated in Mexico.

### First Under New Law

Court attaches said the verdict marked the first convictions under the Smith amendment to the sedition act of 1861. That amendment, added to the law in June, 1940, makes it unlawful to advocate overthrow of the government.

The count on which the defendants were convicted alleged they conspired to "interfere with, impair and influence the loyalty, morale and discipline of the military and naval forces of the United States." It also charged the defendants with preparing and distributing literature which advised the "necessity, desirability and propriety of overthrowing and destroying the government of the United States by force and violence."

All the defendants were acquitted of one count of the indictment—that alleging seditious conspiracy to overthrow the government by violence.

## Poison Death of Girl in Springfield Tourist Camp Called Accidental

Springfield, Ill., Dec. 2.—(AP)—A verdict of accidental poisoning was returned by a coroner's jury late yesterday in the death here last week of 13-year-old Charlotte Ann Johnson, who became ill while en route to California by automobile with her parents, Mr. and Mrs. John Johnson of Omena, Mich.

The jury found that death resulted from arsenic poisoning, superinduced by hydrocephalus and a spinal curvature with which the child had suffered since infancy. The verdict said the poison was "accidentally administered in some unknown manner."

Coroner W. L. Drago had delayed completion of the inquest until yesterday pending an investigation which he said failed to disclose the source of the poison.

## Joliet Appeals Ruling On Back Salary Claims

Springfield, Ill., Dec. 2.—(AP)—The city of Joliet today appealed to the Illinois supreme court from a judgment of the Will county circuit court awarding 71 members of the Joliet police department \$63,000 in back salary claims.

The suit was brought in the lower court under the policemen-firenmen minimum wage act which set \$175 as the minimum pay for the two classes of employees in cities having a population of more than 25,000.

The city contended no adequate means was provided by law to raise the cash needed to pay the minimum wages.

The claims by the firemen involved the difference between salaries actually received between July 1, 1937 and Feb. 1, 1941 and the \$175 monthly minimum. The claims averaged in excess of \$800 each.

## Three Sentenced To Die Week of Jan. 4th

New York, Dec. 2.—(AP)—Louis (Lepeke) Buchalter, one time king-pin industrial racketeer, and two co-defendants, Emanuel (Wendy) Weiss and Louis Capone, today were sentenced to die in the electric chair the week of January 4, 1942, for the slaying of Joseph Rosen, a Brooklyn storekeeper.

Only Weiss, said by the state to be the "trigger man" in the Rosen killing, had any comment as Kings County Judge Franklin Taylor sentenced the trio.

"All I can say is I'm innocent," he said. "That's all I can say."

The three were convicted of slaying Rosen by a jury early Sunday morning.

## Damaging Blow on British Force in Libya Is Admitted

### Nazis Break Through Encirclement; Other News of Conflict

(By The Associated Press)  
Soviet dispatches declared today that the retreat of Adolf Hitler's Ukrainian armies from Rostov-on-Don had become a rout, with the nazis fleeing westward along the shores of the Azov sea after a defeat which "puts an end to tales about the invincibility of the German army."

A British broadcast quoted soviet Vice Commissar S. A. Lozovsky as saying that "the latest attempt of the Germans to take Moscow has cost them half a million men."

On the Libyan desert front, the British acknowledged a damaging setback for Gen. Sir Alan Cunningham's drive to knock the axis out of North Africa.

Dispatches from Cairo said the Germans had slashed through the British corridor from Rezegh to Tobruk, joining trapped panzer forces northeast of Rezegh, and recaptured Rezegh itself and Bir el Hamed.

A British spokesman said the Nazi break-through meant that the newly-joined German panzer divisions now hemmed in along the coast east of Tobruk could "prob- ably escape to the west if they wish to do so."

The spokesman declared, however, that while the Nazi success "may delay matters for a few days longer," it had not impaired British confidence.

Meanwhile, Prime Minister Winston Churchill told parliament that "at any time Hitler may recognize his defeat by the Russian armies and to recover from his disaster, visit us with all his fury."

"We are all ready for him," Churchill said grimly. "We shall receive him when he comes, by day or night."

Declaring that Britain's "crisis of equipment is largely over," Churchill told Commons that "a crisis of manpower and womanpower" would dominate the year 1942 for Britain and proposed that military conscription age limits be lowered to 18½ and raised to 50.

The expanded conscription would bring more than 3,000,000 men and women under call for armed service, although Churchill explained that only women volunteers would be assigned to "lethal or combatant services."

In the Russo-German war, soviet dispatches reported that beside the German defeat at Rostov, Red army troops had also put the Germans to flight through deep snow drifts around Stalinogorsk.

## Bed-Ridden Thief Calls for Police

St. Louis, Dec. 2.—(AP)—Bed-ridden and conscience-stricken, Kenneth Wilcox, Jr., called police from a hospital cot yesterday and told them he was wanted in his home city of Chicago for theft of \$4000 from the payroll office of Marshall Field Co., Nov. 21.

Sgt. Bernard Pleitner said the 28-year-old patient stated "I've done nothing but think about it ever since I've been in bed here." He had been in the hospital since last Tuesday for treatment of an ulcerated stomach.

Wilcox claimed a fellow employee accompanied him to St. Louis and later disappeared with \$3600 of the money. His companion did not know until their arrival it was company money.

Wilcox said the ailing youth had only \$6 in his possession. Detectives removed him to police headquarters where he was held last night. Wilcox has signed a waiver for his return to Chicago.

## Twin Corn Kings Named First Time in Show History

BULLETIN  
Chicago, Dec. 2.—(AP)—Loyal Alunus 4th, a lightweight Aberdeen Angus shown by Purdue University, was adjudged grand champion steer of the International Livestock Exposition today.

Richard Lacy of Kansas, Ill., who won the junior championship with his medium light-weight Hereford, showed the reserve champion.

Chicago, Dec. 2.—(AP)—Twin Corn Kings were named for the first time in the history of the International Livestock Exposition today, when the four grain judges were unable to break a deadlock after two votes.

Dr. G. I. Christie, director of the grain show, announced that the titles had been awarded to Floyd Hiner, 41, of Lewisville, Ind., and E. W. Doubet of Hanna City, Ill.

Hiner, who watched the final judging with several other finalists, showed a sample of Yellow Dent region 8 "second 84-D" hybrid variety. Doubet showed a Yellow Dent special region 3 utility sample.

Hiner's winning sample was a single cross hybrid and Doubet's a double cross hybrid.

Dr. Christie said the situation was one which never before had arisen in the International Hay & Grain Show, and said that the twin kings would each hold the trophy for six months.

"It would be unfair to call in a referee to break the tie," he said, "because these four judges are the best grain experts in the country. Therefore it has become necessary to award dual championships."

Hiner, a reserve champion in 1937, gave Indiana a share of a title contestants from that state have held since 1933. Since 1918 a champion has come from Indiana 19 times.

Hiner has a 160 acre farm near Lewisville. The average corn yield, he said, was 80 bushels an acre.

Yellow Dent Predominates  
Yellow Dent corn predominated in the final judging, which judges said was the closest in many years. The four year final samples were yellow dent type.

Doubet, who was not present, gave Illinois its first corn championship since C. Worth Holmes of Joy, Ill., won that title in 1933.

Everett Smiley, a 4-H club member from Milford, Ill., was crowned Corn Prince of North America, when he showed the best samples of any junior competing. His winning exhibit was a hybrid type of Yellow Dent U. S. 13.

Smiley was second in region three competition last year, losing out to his brother, Curtis. Curtis also competed for the Corn Prince crown this year.

Doubet arrived after the awards were made, and disclosed that this was the first year he had entered his own inbreds in competition. He was reserve corn king last year.

Doubet operates a 340 acre farm near Hanna City, in Peoria county, and has been experimenting with hybrids for 12 years. The corn yielded 106 bushels per acre this year, he said, despite unfavorably dry weather.

Youth vs. Experience  
Youth and energy were pitted against experience and skill today in a contest for one of rural America's most appreciated honors and richest prizes—the title of grand champion steer of the exposition.

Representing the nation's 1,500,000 4-H club members in the final day of competition was 15-year-old T. Richard Lacy, a shy, serious, blond-haired boy from Kansas, Ill.

Most of the 23 other remaining contenders were veteran cattlemen and feeders, determined to break the corner the youngsters have had on the grand champion-

## Australian Cruiser Sinks Raider Before Going to Own Death

### All of Warship's Crew Lost; Survivors of Raider Tell Story

London, Dec. 2.—(AP)—A naval action in which the 6,830-ton Australian cruiser Sydney sank the heavily-armed German merchant raider Steiermark, a vessel of 9,400 tons, but was lost herself was announced by the Australian government.

Prime Minister John Curtin, at Canberra, said the full complement of the Sydney's 42 officers and 603 men was missing.

"Information has been received from the naval board that H. M. S. Sydney has been in action with a heavily-armed merchant raider which she sank by gunfire," a communique issued by the Ministry of Information said.

"The information was obtained from survivors from the enemy ship who were picked up some time after the action."

"No subsequent communication has been received from H. M. S. Sydney and it must be presumed she has been lost. Extensive search by air and surface units to locate survivors continues."

The date of the action was not given but the announcement said that next of kin of the missing men were informed November 26.

Had Sunk Nine Ships  
The British Admiralty said the Steiermark "has been known for some time as raider No. 41 and had been raiding under the name of Kormoran."

As raider ship No. 41 she had sunk nine British, British-allied or neutral ships in the area of the Cape Verde islands in the eastern Atlantic, in the South Atlantic and in the Indian ocean, the Admiralty declared.

"Like other raiders," the Admiralty continued, "she has indulged from time to time in various disguises and has borne the flag of any nationality which her captain deemed at the time to suit his purpose."

The official announcements did not say where the action had occurred, but the first reports from Singapore said it was off the Australian coast.

Built for Purpose  
The Admiralty said the Steiermark was built in 1938 at Hamburg, or the Hamburg-America line and was "designed with a view to her employment as an armed merchant raider in wartime."

"It is known that she carried at least six 5.9-inch guns, two aircraft and further was fitted with underwater torpedo tubes in addition to those fitted on deck. She had a speed of 18 knots and a complement of 400 officers and men. She was a formidable vessel," the Admiralty concluded.

The Sydney, whose normal complement was 550 men, had eight six-inch guns, eight four-inch anti-aircraft guns, and a number of smaller guns. She carried one aircraft which was launched by catapult.

Beyond that the source declined to comment, saying that any broader statement at the present time would be premature.

Fuel oil, gasoline and diesel oil purchases by U. S. railroads for the first half of 1941 amounted to 1.6 billion gallons, as compared with 1.3 billion gallons for the corresponding period in 1940.

The average car loses oil at a greater rate through leakage in warm weather than on cooler days. Therefore, shorter intervals between lubricating jobs are recommended.

Australia now is the leading foreign purchaser of United States motor cars.

### Corn

Perfect weather conditions, consequent rapid progress in the harvesting of the crop and larger country offerings because of the poor keeping quality of much of the new corn have held prices around the low point reached since the severe shakeout in mid-October.

On the other hand, there has been an active and consistent cash demand, discounts on old have been practically eliminated and on the new corn sharply reduced, and the long awaited loan price has been announced at an average of 74.8 cents for the entire Corn Belt. The averages are for Illinois 75.6, Indiana 75 cents, Iowa 73.1 with ranges by counties for Illinois and Indiana 74 to 79 cents, and Iowa 70 to 76 cents.

Chicago prices are so far below these levels, transportation and handling costs considered, that there is every incentive for farmers to utilize their loan privilege on all of the grain which will qualify under Government standards.

The Corn-Hog ratio advanced sharply to 14.8 for the week ended November 22, as compared to 14.1 the previous week and 9.2 for the corresponding week last year.

**Oats**  
While speculative interest has been restricted, there has been pronounced activity in cash as the shutting off of Canadian supplies has forced eastern dairymen into the market. Arrivals during the current week have been only 135 cars, while sales for shipments have totaled 416,000 bu. Cash prices and basis have reflected this situation and No. 1 and 2 whites are currently selling about 1 cent over December.

**Soy Beans**  
The market has shown much more stability as a result of larger available supplies at interior points, even though Chicago stocks have failed to show any important accumulation as yet. A sudden change to unfavorable weather at the end of last week, proved to be only temporary and conditions throughout this week have been ideal. The cash market has recovered from the partial demoralization which occurred following the first movement of the new crop and the local basis tonight is from December price to 1 1/2 cents under for No. 2 Yellow and from 1 to 5 1/2 cents under for No. 3 Yellow. A request by the CEA Administrator for further restrictions on futures trading had surprisingly little effect, probably because the conditions complained of as existing on September 15, when the survey was made, have automatically corrected themselves to a large extent due to the balance-wheel of larger supplies. Prices for oil and meal have held steady around 9 1/2 cents and \$38.00 per ton, largely disregarding the fluctuations in beans.

**Butter and Eggs**  
Butter prices have declined rather steadily and are closing at about the low point in over a month. Production figures have been moderately bearish and there were further exportations from Argentina. Increased production of other dairy products and prospects of further diversion of milk was offset to some extent by a Government statement that an increase of 50% in dried skim milk production is necessary to meet export commitments, which the trade assumes would mean a corresponding increase in cream supplies.

Eggs. A new high record price for the past twelve years was established when November contracts sold at 34 to 25 cents a dozen, but the later deliveries failed to fully respond and the current month reacted sharply later when warehousemen re-delivered eggs they had taken in early in the month. Deliveries have gone

## Getzendaner Herd Leads Ogle Dairy Report for Month

A herd of 27 R. H. cows owned by the Getzendaner farm led the Ogle County Dairy Herd Improvement Association with an average production of 974 pounds of milk and 33.6 pounds of fat on two times a day milking. Five of the 27 cows were dry.

The four other high herds were as follows:

Gutzmer Bros., G. & R. and H. & C. 33; 905 pounds milk; 33.1 pounds fat.

Ward & Brown, R. H. 28; 1007 pounds milk; 32.5 pounds fat.

L. M. Gentry, R. H. 35; 840 pounds milk; 30.6 pounds fat.

Leroy Folkerts, G. H. 13; 828 pounds milk; 29.7 pounds fat.

Almost every farmer is keeping his herd in night and day now as they cannot afford to risk a slump while milk remains at a high price. Milk is one of our most important products in national defense.

The five high cows in the association were as follows:

Forrest Gillespie, R. H.; 1641 pounds milk; 72.2 pounds fat.

J. W. Hemingway, R. H.; 1717 pounds milk; 68.7 pounds fat.

Lewis DeGraff, R. H.; 2061 pounds milk; 65.9 pounds fat.

Getzendaner Farm, R. H.; 1707 pounds milk; 64.9 pounds fat.

Richard Magee, R. H.; 1598 pounds milk; 63.9 pounds fat.

**Farm Adviser Stresses Importance of Protein in Rations For Swine**

Ogle County Farm Adviser Warren states that farmers should not overlook the importance of protein in hog rations if they are expecting to produce more pork for less cost in accordance with the foods for defense idea.

E. T. Robbins, livestock extension specialist, he said, emphasized the importance of alfalfa hay as a low cost source of protein for hogs. This is a type of food that many farmers do not think of for hogs and yet it is a valuable one, Warren says. Alfalfa hay fed in racks especially for brood sows also for fattening hogs and a mixture of tankage and soybean meal fed separately in a self-feeder or with a full feed of corn makes an excellent fattening ration without pasture, he said.

**Dairy Herd Tester Is Called For Army Duty**

Don Kesinger, tester for the Lee-Bureau Dairy Herd Improvement association, is the second Lee-Bureau tester to be lost this year due to the U. S. Army draft.

The Lee County Farm Bureau reports that it has not yet been notified from the University of Illinois whether or not a man has been selected to fill Kesinger's job. It is said that the university is having a hard time getting enough men to fill the vacancies which have been made by the testers who have been called to the army.

Motor vehicle license fees collected last year by the states totaled \$387,747,000 or more than five and one-half times the estimated total cost of the new U. S. S. North Carolina, the Navy's mightiest battleship.

A baby whale may weigh as much as 7 tons at birth.

largely into the hands of driers who are said to have large government contracts. T. V. Fresh market broke sharply near the end of the week. Chicago prices being 1 to 2 cents off and New York 4 to 4 1/2 cents off on the choicest grades on Friday. Total receipts from Argentina July 1 to the end of October (unofficial figures) are in excess of 5,200,000 dozen.

## More 1942 Pigs Won't Drop Price Until Next Year

The usual autumn decline in prices has left hogs still on a profitable basis, and added weight can still be put on for considerably less than the market price of hogs, points out E. T. Robbins, extension livestock specialist of the University of Illinois College of Agriculture.

After hogs reach 200 pounds, it usually requires grain and protein supplement equal to the value of about 8 1/2 bushels of corn for each 100 pounds of gain in raising the weight of hogs to 250 pounds. Carrying them to a weight of 300 pounds from 250 pounds costs the value of about 9 1/2 bushels of corn for each 100 pounds of extra gain. The cost of the gains with corn at 65 cents is about \$5.50 a hundred pounds in the 200-250 pound range, and \$6.25 in the 250-300 pound range, Robbins said.

"Make fall pigs heavy enough for sale in early spring when prices usually are higher than they are later on. Give them all the ear corn or shelled corn they want, and a self-fed supplement, such as two parts tankage, one part soybean meal and one part alfalfa meal. Alfalfa may be omitted when there is green pasture, and costs may be reduced by feeding green alfalfa hay in a rack instead of buying alfalfa meal."

"Small field houses or a tight, low shed, open on the south, make suitable shelter if they are clean and well-bedded."

Robbins says increased numbers of 1942 pigs can't reduce hog prices before next fall. Numbers for slaughter in the meantime are already largely determined. The volume for pork for winter and spring markets appears to be of moderate size. Its tonnage can be increased only by good care and feeding of the hogs now on hand.

## Cheese Meeting To Be Held At Freeport Dec. 9

Freeport, Ill., Dec. 2.—Illinois' cheese industry important as a producer of defense food, will gear up for 1942 goals in a conference scheduled at Freeport, December 9, by the department of dairy husbandry, University of Illinois College of Agriculture.

H. A. Ruehe, head of the college's dairy department, will open the conference at a noon luncheon, during which time he will discuss the important problems in today's cheese industry.

Quality tests for improving milk cheese making and a test for determining extraneous matter in cheese are topics to be discussed by G. M. Pulkraab, Kraft Cheese Co., Stockton, W. V. Price, University of Minnesota, St. Paul, Minn., will discuss costs relating to the use of pasteurized milk for cheesemaking. Importance of acidity control in making brick and cheddar cheese and the importance of controlling salt content cheese will be described by S. L. Tuckey, of the college's dairy manufacturing division. "Why Starters Sometimes Fail" will be explained by M. J. Prucha, professor of dairy bacteriology.

H. L. Wilson, of the U. S. Department of Agriculture, Washington, D. C., is scheduled to speak on the manufacture of American cheddar from pasteurized milk at a dinner-meeting at 6:15. Lody K. Riggs, of Kraft Cheese Co., Chicago, will discuss the work of the National Cheese Institute in improving quality.

**Dr. Holland to Be Speaker at Farm Meeting**

Dr. John Holland, pastor of the Little Brown Church of the Air broadcast over WLS, will be the guest speaker at the 26th annual meeting of the Lee County Farm Bureau at Amboy, December 18.

The Little Brown Church of the Air began at the time of the great tornado in southern Illinois and Indiana, when the first report of relief work was broadcast on a Sunday evening, and the services were called. The Little Brown Church of the Air. So great has been the scope of the work that seven years ago, Dr. Holland, with more than a quarter century of experience as an active pastor, was called to take charge of The Little Brown Church of the Air. He had already been known to Prairie Farmer readers through his weekly column in Prairie Farmer.

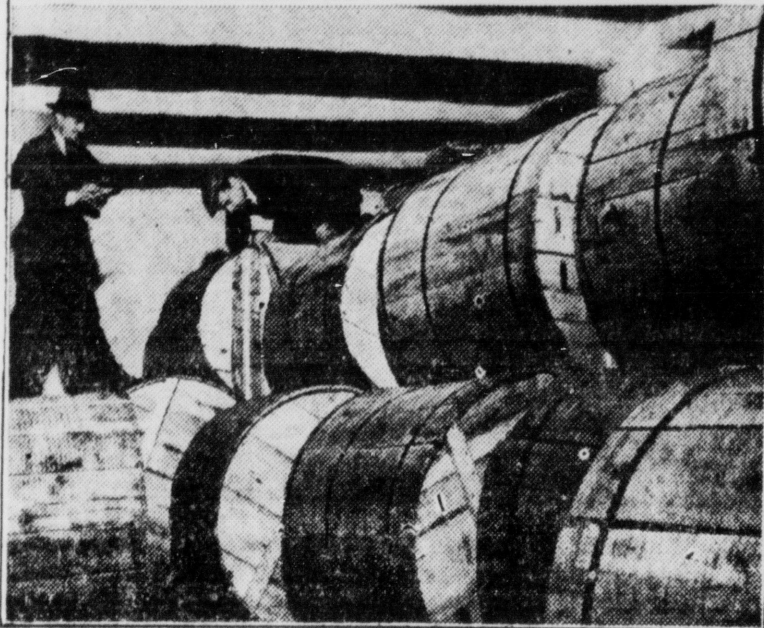

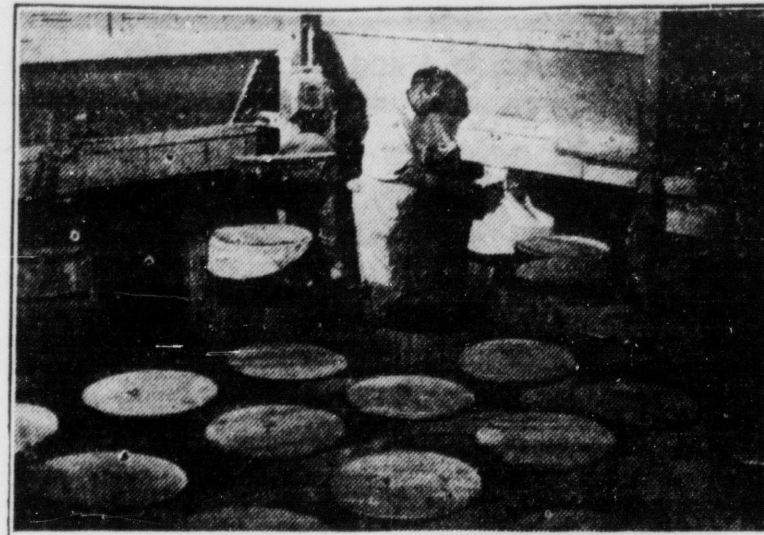

As in other years the annual program will include the presentation of the 4-H Club medals for the champions of the various projects in the county this past year.

The Home Bureau will be represented by the president, Mrs. Earl Auman and the home adviser, Miss Marian Symphon, and Justin Becker, president of the Service Company, will speak.

The ladies of the Farm Bureau are planning a box lunch which will be served from 12:30 to 1:30.

The annual reports of the year's business will be read and remarks will be made by President J. E. Mau and Farm Adviser Charles E. Yale.

## Stockpiles of Food for Peace

Here is what the U. S. Department of Agriculture means when it urges farmers to help produce "stockpiles of food for use after the war." The upper picture shows barrels of dried milk, just as good a year from now as today. The lower picture shows a warehouse filled with huge drums of cheese, even better with aging. These farm products, plus condensed milk, dried milk, cured pork, and canned meat and vegetables, constitute the stockpiles of defense food which, says Secretary Claude R. Wickard, will be needed by hungry Europe and "will exert the maximum influence at the peace conference table."

## FRANK PRIEBE'S WEEKLY LETTER TO POULTRY RAISERS

Talk about price control! No price dictator could be any more powerful than the American housewife with her pocketbook in her hand.

Look at what happened this Thanksgiving.

Prices of other meats were up; people were making good money; the turkey market ought to be good! I even heard that government men were quietly advising growers to hold out for 25 cents a pound. I think that kind of advice is always bad. Anyone can set a price on whatever he has for sale—whether it's turkeys or tin cans—and refuse to sell unless he gets that price. But there's nothing to compel people to buy at that price. And that's why anyone who holds out for a certain price gets "stuck" more often than not.

Last year big turkeys were sold over the counter as low as 19 cents a pound and people were practically fighting to buy them.

This year, when women figured what a big bird would cost, they simply shut their pocketbooks and went off to buy something else—either a small hen turkey or some other kind of meat. Sometimes they had to pay more per pound for what they bought, but they didn't have to buy as much.

A woman thinks twice before she spends over half of a \$10 bill for the meat for her Thanksgiving dinner. And with turkeys selling at 30 cents for example, a 10-pound hen would cost her \$3, but a 20-pound tom would cost her \$6—and she didn't have the money to spend.

**Less Demand for Big Turkeys**  
I have an idea (how correct it is, I don't know) that there weren't as many big family dinners this year, and consequently, less demand for big holiday birds. A million and a half boys were eating a million and a half pounds of turkey in army camps—and without the younger crowd around I've noticed there is less incentive for big celebrations at home.

The price, however, was the chief cause of slow sales. Butchers who had sold a lot of big turkeys last year bought them again, even at the higher prices. But when their customers found out how much they would cost, they cancelled their orders right and left, and in many cases the dealers had to sell big turkeys at less than they paid for them in an effort to clean up.

**TRAFFIC FATALITY**  
Joliet, Ill., Dec. 2.—(AP)—Francis J. McCanley, 30, of Joliet, was killed and his 27-year-old wife was injured critically last night when their automobile skidded and struck a cement viaduct at the outskirts of the city.

## Newlyweds Will Live in Rochelle

Miss Helen Meling of Rochelle and LaVerne Friday, son of the August Fridays of Cherry Valley, who were married Saturday morning at Kings, will be at home at 339½ Fourteenth street, Rochelle, following their return from a brief wedding trip. On Saturday evening, the couple will be honored with a community shower at Kings.

The Rev. Clarence Denekas read the wedding vows at his home. Miss Maxine Eyster and Robert Milligan were the attendants.

The bride was dressed in cadet blue, with black accessories, accented by a shoulder corsage of pink roses and gardenias. Miss Eyster chose apple blue, with brown accessories.

A family dinner was served Sunday at the home of the bride's parents, Mr. and Mrs. Oscar Meling of Kings. Since her graduation from Rock Falls Township high school, Mrs. Friday has been employed at the Caron spinning mill at Rochelle. The bridegroom, a graduate of Rochelle high school, is employed by a Rockford furniture factory.

## ELKS SPONSOR CARD PARTY

Members of the entertainment committee of the Elks lodge were hosts at a pre-holiday benefit last evening at the clubhouse. Tables were made up for five different card games, and at the close of play, refreshments were served.

Mrs. Carrie Barlow and Gavin Dick scored high in contract. Mrs. F. D. Joyce and Raymond Crawford were fortunate in auction. Charles Crawford and Douglas Stultz received prizes in cribbage. Mrs. H. F. Walder, Charlotte Lou Ruggles, and Harry Lager won honors in pinocle, and the rummy prizes were shared by Peter Steder and Charles Miller. A guest favor was awarded to Frank Sproul.

Ralph Salzmann and Victor Eichler were co-chairmen for last evening's card party.

## MRS. HARRIDGE HEADS O. E. S. PARLOR GROUP

## Oddie Schulte Becomes Bride

Nuptial vows of Miss Oddie Schulte, daughter of the Fred Schultes of near Harmon, and Lee Buzard, son of Mr. and Mrs. David Buzard of near Walnut, were solemnized at 2:30 p. m. Sunday at the home of the bride's parents. The Rev. Mr. Mueller, pastor of the Second Avenue Lutheran church in Sterling, performed the single ring ceremony, in the presence of a number of relatives and friends.

Pink and blue, the bride's chosen colors, decorated the rooms. Preceding the ceremony, Cadman's "At Dawning" was sung by Mrs. Nina Wise, sister of the bridegroom, and Mrs. Eva Buzard, his aunt.

The bride was dressed in royal blue silk crepe, with black accessories. Miss Zeldah Schulte, as her sister's maid of honor, chose blue silk crepe, with black accents. White sweetpeas and red roses formed their shoulder corsages.

Raymond Buzard was best man for his brother.

A reception was held for 45 guests, following the ceremony. A three-tiered cake centered the refreshment table.

Mrs. Buzard, who formerly attended the Harmon schools, has been employed in Walnut. The bridegroom, a graduate of Walnut high school, is farming.

The couple are at home on a farm near Walnut.

## CELEBRATE FOURTH YEAR

Mr. and Mrs. Edmund Ansteth of La Moille were unaware of the celebration being arranged in honor of their fourth wedding anniversary, until a large party of relatives and friends arrived at their home for an evening party on Sunday.

Gift packages were brought by the guests, who were Mr. and Mrs. Herman Schrock and family and Wilbur Masters of Franklin Grove, Mr. and Mrs. Lewis Masters and family, Mr. and Mrs. Dale Masters, and Mr. and Mrs. Floyd White of Amboy, Mr. and Mrs. Roy Ansteth, Mr. and Mrs. Arthur Stambeger and family, and Rachel Miles of La Moille. Mrs. Russell Rockwood and family of Shaw, Ill., Mr. and Mrs. Virgil Franklin, Mrs. M. B. Franklin, Mrs. John Franklin and family, and Mr. and Mrs. Everett Franklin of Dixon.

Games and music were pastime for the evening, followed by refreshments.

## POLO GIRL TO BECOME BRIDE

Mr. and Mrs. Ernest Yount of Polo are making known the engagement of their daughter, Nadine Ellen, to Lindell Frederick Shrum of Washington, Ind. Both Miss Yount and her fiancé are employed in Washington, D. C. The couple's wedding is to be an event of early spring.

## Fashion Nods at Cotton

COTTON is getting up there in winter-time fashion—as you can see by this picture of Gladys Swarouth wearing cotton corduroy for Sunday evening. The famed singer, whose wardrobe often sets styles, chose this beautifully cut dress for her weekly late-afternoon broadcast and for Sunday supper afterward. The reason is that the fabric affords an easy balance between "dressed up" and casualness. And, by the way, it's something to think of when your budget won't stand for wool.

## Community Players to Present "Carol"

In keeping with the Christmas season, Hazel Lee Dixon has made a radio arrangement of Charles Dickens' "A Christmas Carol," to be presented at the monthly meeting for The Community Players at 8 p. m. Wednesday in the Loveland Community House. Phyllis Wells is directing the cast of characters, including:

Announcer, Randall Warfel; Scrooge, Harold Wade; Marley's ghost, Lynn Jenks; nephew, also "boy," Gene Goddard; Mrs. Cratchit, Helen Frances Hayes; Martha Cratchit, Margaret Sproul; Bob Cratchit, LaMar Wells.

At each meeting of the Players, one of the members who has indicated a desire to direct, is asked to take charge, as one of the aims of the group is training in various forms of drama. New talent is also discovered by including inexperienced members in the casts of characters.

At the last monthly meeting, new members were welcomed, including three newcomers from Sterling. Anyone interested is invited to attend tomorrow evening's meeting.

### ORANGE INDUSTRY

Florida's orange industry was founded accidentally. Spanish explorers, munching on the golden fruit they brought with them from Spain, spit out the seeds which grew into the first U. S. orange trees.

**A Thought for Today**  
If ye be willing and obedient, ye shall eat the good of the land; but if ye refuse and rebel, ye shall be devoured with the sword.—Isaiah 1:19-20.

O Rock of Israel, Rock struck and cleft for me, let those two streams of blood and water which once gushed out of thy side . . . bring down with them salvation and holiness into my soul.—Brevint.

**Things You Can Trust**  
This would be a desolate and fearful world if we could no longer believe in man and in certain institutions that men have established. If there were no longer lighthouses along dangerous coasts, no longer other symbols showing that man still protects man, times like these would be terrifying.

But, there are symbols proving that man looks after man. One of the best known is the double-barred cross, spotlighted by the beam of the lighthouse pictured on this year's Christmas Seal.

Americans have confidence in the double-barred cross, the insignia of the National Tuberculosis Association and its nearly 1,700 affiliated associations. This confidence is deeply rooted in the victories over tuberculosis that have been gained in the United States since 1904, when the National Association was founded.

Time and experience have proved that the menace of tuberculosis can be abolished even though science has not yet found the specific drug for cure, or for immunization. The death rate from the disease has been cut three-fourths in the last thirty-odd years. Utter despair has been taken away from the doctor's verdict—tuberculosis. We know now that the disease can be cured if found in its early stages and if proper treatment is given.

The social stigma that once hovered over the disease has been completely dispelled. From a hopeless, shameful disease, tuberculosis has become simply an illness which affects rich and poor alike, black and white alike. It can be conquered, not only as an individual handicap, but as a national handicap.

The associations carried on their live-saving work through the First World War, through the depression years, and not only will carry on through the years to come, but are now steadily tightening the "reins" on tuberculosis.

Millions have gone back to work. Billions are being spent for defense. And billions of these billions are going into pay envelopes. From these billions there are surely enough dollars to build up the additional financial support the tuberculosis associations will need during the coming year.

A faithful group of Americans have financed the associations' work even during the depth of the depression. By buying Christmas Seals, just as they will buy them this year, they have protected those who were unable to protect themselves. This Christmas surely the millions who have gone back to work will again assume their responsibility—a small responsibility; one or two dollars in the fight against the disease that still kills more young people in America than any other cause of death.

**Help to Protect Your Home from Tuberculosis**  
The starting thing shown by the Cleveland survey is that of these 15,526, or three-fourths of the total, were judged totally unemployable. And 9,000 of these were children under 16, scarcely to be considered "unemployed" in any man's statistics. Something over 4,000 were partially employable (aged, handicapped) and getting partial aid; 461 were classed as "temporarily unemployed," and of the whole 21,321 people on relief only 92 men and 111 women were classed as fully able to work but not working at all.

Whether these percentages would hold throughout the nation, we have no notion. Assuming something like them to be true, what do we find? We find a large industrial community partially supporting by relief 21,321 of its members, yet only 203 of them need, can do, and haven't got jobs.

That strongly suggests two things:

1. Relief is not primarily a matter of ameliorating a condition due to or even closely connected with unemployment; it is now largely a matter of aid to those unable to work.
2. The labor reserve, of which we once thought we had an inexhaustible supply, is not as great as we thought, and a real shortage may impend.

The fact that Joe Louis passed all his army physical tests must be recorded as the 1941 bulletin least likely to surprise.

The nazis must find the news from subjugated countries especially revolting.

**LADY BY REQUEST**

BY HELEN R. WOODWARD

COPYRIGHT, 1941, NEA SERVICE, INC.

**THE STORY:** "I can't believe it," says Bill Jackson, childhood sweetheart of Mrs. Stephen Thorpe, when she, Diana, tells him that her marriage to the famous writer and commentator is for six months and \$10,000, her part of the strange bargain that saved for Stephen a \$250,000 inheritance he would have lost had he not married before he was 35. Others who know of the arrangement are Mrs. Tucker, Diana's mother, Ellen Curt, who hopes the couple will come to love each other; Stephen's spiteful, spoiled sister, Adela, who despises Diana; Richard Thorpe, Diana's former employer, who dismissed her when she resisted his advances; Evelyn Thorpe, his beautiful blind wife. The love of Stephen for Evelyn, whom he and Phil Bruce have known since childhood, is understandable to Diana. She and Evelyn have become fast friends.

**LUNCHEON WITH EVALYN**

CHAPTER XIII

ON Thursday Diana went to keep her luncheon engagement with Evelyn Thorpe. They lived in a fine old house on Peyton Square which enclosed a lovely park. The big Curt residence in Green street was only five blocks away and Diana walked the distance, reveling in the crisp air and thin winter sunshine.

On the morning after her insolent outburst, Adela had come to Diana's room wearing a disarming air of meekness. In quite the most polite tones she had ever used to Diana, she begged her pardon humbly for her behavior of the night before.

Diana, genuinely surprised and touched, assured the unhappy girl she had quite forgotten the incident. After Adela left the room, spurred by a sudden generous impulse, Diana ran after her to ask her to attend a matinee with her that afternoon. Perhaps, she thought, if she exerted herself a little more, she and Adela might be friends after all.

But in the upper hallway, she stopped short, halted by voices coming up clearly from below. In the stillness of mid-morning Stephen's voice said, "Did you apologize to Diana as I told you to?" Adela laughed unpleasantly. "Of course! I told her I was viddy, viddy sorry for my ugly behavior! That I would be a good girl in the future. I would have lied twice as much to keep from having my allowance cut!"

"Diana turned slowly back to her room. It was, after all, quite useless to try to make Adela her friend. And in the future she would know better than to trust Adela under any circumstances!"

"She was thinking of these things as she approached Evelyn Thorpe's house. Remembering,

too, Richard's words, "Stephen has always been madly in love with my wife!"

It was this remark that closed Diana's lips when she wanted to ask Stephen to tell her more of Evelyn. It had seemed like intruding into the privacy of a shrine, a sanctuary. If he really loved Evelyn, she could not blame him, for she was certainly the most beautiful person she had ever known; but Stephen's lips remained closed the night Diana had mentioned the blind girl to him. She dwelt upon his words, "There is no one whom I care to make my wife—literally." Easy to understand, if his heart was in the keeping of Evelyn Thorpe.

She wondered a great deal about when and how the estate Stephen was to inherit was being settled. Stephen had told her nothing regarding it. Had the administrators accepted the fact of his marriage as genuine and was she, Diana, serving the purpose for which she had been brought into the Curt household? How much longer was she to stay? She hesitated to ask, believing that Stephen might think her unhappy and restless, might terminate the arrangement sooner than otherwise. And she had no wish for him to do that. She wondered at her strange contentment—attributed it to her enjoyment of the unusual luxury with which she was surrounded. "I'm like a cat," she thought wryly, "happy when I've got a soft pillow to lie on!"

At the Thorpes' Diana was ushered into a charming living room of no special design or arrangement. Evelyn rose from a low, chintz-covered chair by the fire and came forward with outstretched hands. Her face was eagerly alive and Diana was struck anew by her beauty.

"You're late, I was afraid you'd forgotten," Evelyn said, clasping Diana's hands warmly.

"But you must know I couldn't forget," Diana assured her eagerly. "I've been looking forward to this moment ever since you asked me."

"You're sweet," Evelyn smiled. "I knew you would be. Sit down. We're to spend the day quite alone, and I shall do everything in my power to keep you from being bored!"

As the day wore on, Diana felt that she could happily spend the rest of her life in this woman's company. Her conversation was gay, charming and interesting; her busy fingers flew over a knitted sweater in a deep, sea blue. And when Evelyn spoke lovingly of

Richard Thorpe and his many fine qualities Diana felt a little ashamed that she had despised him so. In spite of everything, Richard began to take on a glow of respectability. Surely she had misjudged him. But she had never pictured him as the kind husband, the loving companion Evelyn painted.

SHE shut her thoughts resolutely to rumors she had heard of his "affairs." Office gossip, she told herself. Even the invitation he had given Diana to go to dinner with him had probably been just a kindly gesture which she had been more than ready to misinterpret.

Evelyn told her a great deal about Stephen, too, whom she had known since childhood, speaking of him with warm admiration.

"There is not a finer mind anywhere than Stephen's," she said. "I hope you appreciate what a treasure you've married. And I'm sure he must love you very much!"

Diana felt like a traitor, but Evelyn attributed her confused reply to the natural reticence of a bride. Diana wondered what Evelyn would think a few short weeks hence when she learned of the divorce that Stephen would arrange.

It was late when she rose to go. "I want you to come here whenever you can," Evelyn said. "I like you, Diana, and I want you to know you are always welcome. Handicapped as I am, I do not get out much and I shall consider it a special privilege to have you come!"

Diana's eyes blurred. "As if the privilege weren't all on my side! This has been one of the happiest days I have ever known. I thank you for it!"

"I'm glad," Evelyn smiled, her soft, slight brown eyes shining. All the way home Diana was aglow with the warmth of the blind woman's friendship. What did it matter if Adela were rude and unkind, as long as she had Evelyn?

Still in this exalted mood, she reached the Curt home. Larkin told her that Stephen had not yet come in. She ran through some mail lying on a small table in the hallway and was about to pass on up to her own room when she heard low voices in the drawing room. More from curiosity than anything else she paused to glance in. Then she stopped short in amazement.

For there, closely clasped in each other's arms, stood Adela and Richard Thorpe!

**Dixon Teachers Pledge 100% in Red Cross Drive**

Lee County Red Cross roll call cleared the \$2,000 hurdle with a report today from Miss Elizabeth Buckaloo totaling \$2,369.20.

"It is a pleasure," Miss Buckaloo stated, "to report that the city public schools have pledged 100 per cent adult membership."

Reports on the current roll show that county workers have been issuing the most memberships with the city of Dixon far behind last year's pledge. Officers of the county chapter have again stressed the important needs of the Red Cross this year and urge all to join.

Anyone who has not been contacted by a worker may obtain memberships by seeing Miss Buckaloo at the Chamber of Commerce office.

**NEWS BEHIND THE NEWS**  
By PAUL MALLON

(Distributed by King Features Syndicate, Inc., Reproduction in Whole or in Part Strictly Prohibited)

Washington, Dec. 1.—The house crushed the price bill amendment for the licensing of business on the ground it would impose a Hitleresque government control. It was defeated so loudly by voice, the leaders did not seek a roll call confirmation. But no one, in the debate, said anything about the federal licensing of 250,000 to 300,000 businesses starting today—without any recent authority of congress.

Regulation W, it is called. As imposed by the Federal Reserve Board, it provides that any firm in this country selling on the installment plan or making loans, must register and receive a blanket license. No certificates are to be issued, but if any firm violates the rules of the board, it will be notified its license has been revoked. It will be out of the installment business, if its officers do not go to jail and pay a fine for their waywardness from official regulation.

The legal authority for this federal licensing is an executive order issued by Roosevelt last August 9. The relatively remote legal spot where his attorney general discovered a legal peg upon which to hang such a regulation is "the trading with the enemy act," passed 24 years ago by congress for other purposes of another war (Oct. 6, 1917).

Some question will no doubt arise as to whether you can put a man in jail by executive order, without specific authority of congress. Regulation W will no doubt get into the courts. But meanwhile all automobile, furniture, refrigerator, radio, jewelry and what-not concerns selling anything on the installment plan (excepting real estate and houses) will feel the weight of executive decree. At the top of the list will be department stores, finance companies and auto dealers. The 15,000 banks of the country, making installment loans, will also be affected.

Purpose of the licensing is to give the government control of small credit in order to cut down consumption of consumers goods. The defense regime is already working that way in making allocations of raw materials, and of course no one objects to that, as the authority of fresh law is behind it. But this may be just the beginning of the history of "regulation W".

Phoniest of all defense-era legislation is the one passed by the house, still laughingly called a "price control bill." It foiled no one, least of all the political pressure groups which sponsored it (the cotton bloc and the inflationists). They readily confessed it would not accomplish its only purpose and stop inflation.

Such a legal hodge-podge would never have passed the house, however, if two peculiar background circumstances had not arisen. One was the political personality of Leon Henderson, price control man for Roosevelt, who expects to head the new setup in one way or another. The real fight against a good bill, was made on him, and largely in the cloakrooms.

No one has proved exactly how radical Henderson is at present, but a large majority in congress is suspicious about giving him control of the nation's business. Long in circulation have been the whispers that he was at least once a fellow traveler. Old also are the stories that his division is filled with assistants whose arm-in-arm fellowship with left wing ideals is more evident. Whatever degree of truth lies in these congressional murmurings, Roosevelt's price control effort was lost in the house primarily because he did not offer someone with an economic reputation like Baruch to lead it.

This situation inspired the second circumstance: In order to get any bill through on the subject, the administration had to accept foolish or divergent opposition amendments, openly saying the senate would correct these later.

There is no reason to expect much from the senate, unless those citizens who want to avoid the national destruction of inflation (Roosevelt said it would ruin the defense program) bring more pressure than was evident in the house. Inflationist Senator Elmer Thomas, for instance, is talking about an amendment which would bring 30 to 40 cent cotton. The Republicans are still split. Although prices and the cost of living to the average man are rising every day, there is to be no hurry. The leaders say the bill is not to come to the floor until after January 1. And the senators distrust Henderson's economic tendencies as much as does the house.

Parents! The U. S. Navy builds boys into strong healthy men and teaches them to be good citizens.

**MRS. M. F. CLAUSEN**  
Oregon, Dec. 2.—The funeral of Mrs. M. F. Clausen, 103 years old on Oct. 29, who passed away at 2 o'clock Monday morning at the home of her daughter, Mrs. Peter Rasmussen of near Payne Point, after an illness of a year's duration, will be held at 1:30 o'clock Wednesday afternoon at the Rasmussen home and at 2:00 o'clock at the German Reformed church northeast of Oregon. The Rev. August Blobaum and the Rev. Mr. Bontje will officiate and burial will be in the church cemetery.

Mrs. Clausen was born Oct. 29, 1838, in Germany, the daughter of Seabold and Anna Poppenga, and accompanied her parents to the United States in 1859.

Surviving are two sons, Seabold Clausen, Oregon, and David Clausen, Mount Morris; five daughters, Mrs. Fred Morse, Rockford, Mrs. N. Wiltfang, Mrs. S. G. Shelley and Mrs. John McGuire, all of Oregon, and Mrs. Rasmussen. Several grandchildren and great-grandchildren also survive. Her husband died in 1930.

**MRS. SARAH TIPLER**

Mendota, Dec. 2.—The funeral of Mrs. Sarah Tipler, who died Friday, was held in the Bailey funeral home Monday at 1 p. m., and in the Zion Evangelical church at 1:30 p. m. Rev. Max Kesselring, pastor of the Perkins Grove Evangelical church, officiated. Interment was made in Evergreen cemetery, El Paso.

Pallbearers were: Jon Algo, Joseph Unicker, Wesley Walden, Claude Carroll, Henry Carson and William Tample, all of El Paso.

**CARD OF THANKS**

I wish to thank all my friends for the cards and flowers, and those who came to see me while in the hospital.

## TUESDAY'S TYPEWRITER TAPPINGS

... sweet dreams ... Ray Wilbur finds it pleasant to sit back these days and dream about what might happen if Jimmy Conzelmann were coach at the University of Wisconsin ... little chance of it, Ray ...

... shape of things to come ... DeKalb's basketballers opened their 1941-42 season last night ... they lost to the Alumni, 27 to 25 ... trailing at the half, the grads went into the lead in the third period ... Wisdom, Lincoln, Moser, McKain and Stevens each scored four points for the high school ... the Dixon Dukes will first meet the Barbs in a conference game there on January 2 ...

... opinion ... Atty. Cuve Glosser of Ashton, a member of the draft appeal board, has a word for the Ashton Aces ... sez he: "We have one of the best coached teams in northern Illinois; just come and see." ... to date Coach Ted Vaux's boys have won three straight and tonight play at Steward ...

... table tennis tonight ... although first place in the standings of the table tennis league seems clinched for the Covert paddlemen, there is still a heated discussion before second place will be decided ... the league meets again tonight at the Elks club ... the schedule ... 7 o'clock—Vallies vs. Knacks ... 8 o'clock—Myers vs. Heys ... 9 o'clock—Coverts vs. Plowmans ...

... Bill sees Bill ... Billy Evans, a patient at the Michael Reese hospital in Chicago, had a caller this past week end ... Bill Thompson was in Evanston visiting Bobby Evans and whipped over to the hospital to call on Bill ... he reports that the younger Evans brother is in good spirits with his chin up ...

... the winners! ... in the open bowling contests held weekly at the Dixon Recreation, last week's prize winners were Mrs. Anne Bonadurer with 200 for the girls' prize ... and Ray Wilbur with 244 for the fellows' honors ... if you wanta win, it seems the formula is to bowl with Daschbach, three winners have made him "dog" ... woof! ...

... master cribbers ... Charley Crawford and Douglas "Dugan" Stultz of Franklin Grove were masters at the cribbage board at the Elks club last evening ... they won first and second honors respectively ... among other things Franklin Grove takes pride in, is the high class of cribbers who emanate from the metropolis of China township ...

... give a blast on the trumpets ... here he comes ... Eddie Jones returns to the bowling wars Thursday night after a three-year "recess" ... Ed hasn't done any keuling (to speak of) in the interim ... but now he's to be a full-fledged member of Sparky's Fenders who bowl The Telegraph in the Commercial League session this week ... Ed, it is noted with misgivings by some of the newbies, had a 159 average when he bowled at Daschbach's "old place" next door to us ...

... we have the same set up ... from Sterling comes the report that Coach Ted Scheid got the thrill of a lifetime when he saw his young son, Ted III, trot out on the floor Saturday night to play in the frosh-soph basketball game with Freeport ... Sterling's scribe says that "few coaches have the pleasure of seeing their sons in action while they themselves are still active as coaches. Coach Scheid is athletic director of the school, head football and track coach ... well, chums, Dixon's athletic director and track coach is having the same thrill ... Athletic Director A. C. Bowers has watched his son, Don, in two games this season for the local frosh-soph outfit ... Don is a regular guard on Coach Lindell's underclassman squad ... so we're even up with you Sterling, on that count, at least ...

... honors ... Don Barnhart, reclining in the hospital bed after an emergency appendectomy, was cheered this week end in reading the Des Moines Register sports section ... the Register has selected Don as star placekicker on its North Central conference honor roll ... Don is a student athlete at Iowa State Teachers college ... if you want to drop him a card at the hospital, address it: Iowa State Teachers College Hospital, Cedar Falls, Ia. ... Don's parents and brother, sister-in-law, Gerald Davis ... and Miss Delores Aldrich all visited him this past week end ... and Brother Ken says he's getting along all right ...

... you may want to go over and see 'em ... the world famous Harlem Globe Trotters basketball team which threw all of us into gales of mirth here last year, are to appear at DeKalb ... December 10 vs. the Detroit Eagles at the DeKalb State Teachers college gym ...

## "SUDDEN DEATH" TO PREVENT TIE MAY BE USED IF BEARS MEET GREEN BAY IN PLAYOFF

Philadelphia, Dec. 2—(AP)—Perhaps an omen of things to come in college football, a "sudden death" extra period to prevent ties, may determine the winner of the western division in the National Pro League this season.

That is, of course, if the championship Chicago Bears beat the Chicago Cardinals on Sunday. A victory for the Bears will place them in a tie with the Green Bay Packers and force a playoff Dec. 14 for the right to meet the New York Giants Dec. 21 for the league crown.

Assuming a playoff will be necessary, representatives of the Bears and Packers agreed to the sudden death provision at a meeting here yesterday. The first team to score in the extra period, if the regulation game ends in a tie, wins.

To allow for an overtime period of the time of the probable playoff was moved up to 1:15 p. m. what would happen if the teams were still tied when darkness falls was not discussed.

## MOST VALUABLE PLAYER

Bloomington, Ill., Dec. 2—(AP)—The most valuable player and the new captain of State Normal's football team are one person. Sam Chicas, junior guard from Westville, had the double honor bestowed on him last night by his teammates at their annual grid dinner.

## WEST HOLDS EDGE

San Francisco—West has won 10 of the 16 games in the annual East-West Shrine series. One game ended in a tie.

## "WAIT TILL NEXT YEAR"

West Point, N. Y., Dec. 2—(AP)—"Wait till next year" is more than an empty cry when army rooters think of last Saturday's defeat by Navy, third straight in their football rivalry.

Its emergency program of condensed courses will cost the Middles two classes this year, and leave for the football squad only a center, a tackle, a guard and two backs who saw any extensive service this past season. Army, on the other hand, right now could field a veteran team of hold-overs complete except at center, and next year will be able to draw on one of the huskiest plebe (freshman) squads in many years.

## TEXAS CHRISTIAN TO PLAY GEORGIA IN ORANGE BOWL

Miami, Fla., Dec. 2—(AP)—It'll be Texas Christian against Georgia in Miami's Orange Bowl New Year's Day.

The Horned Frogs, who defeated mighty Texas, 14-7, in one of the season's big upsets, late last night accepted a bid to play here.

The Frogs have appeared twice in the Sugar Bowl and once in the Cotton Bowl. This season they lost to Texas A. & M. and Fordham and tied Rice, but won over Tulsa, Arkansas, Indiana, Baylor, Centenary, Southern Methodist and Texas.

Georgia lost to Alabama and tied Mississippi. The Bulldogs posted wins over Mercer, South Carolina, Columbia, Auburn, Florida, Centre, Dartmouth and Georgia Tech.

# Duke University's Grid Record Best During Decade

## BLUE DEVILS WIN 40 GAMES; GOPHERS ARE 9th ON LIST

### Leahy Leads Irish Up To Fourth Place in Standings

New York, Dec. 2—(AP)—The story why Duke, Fordham and the Texas Aggies have dominated the bowl picture the last two years is reflected in their football records for the last half decade. Duke, which made an unsuccessful visit to the Rose Bowl in January, 1939, and has been invited back again to meet Oregon State next month, tops the country's major colleges in won and lost records over this stretch with a percentage of .870. The Blue Devils have won 40 games while dropping only six and tying one in that period.

Minnesota, unbeaten since 1939 cause of a Big Ten ruling, is ninth in the list with 42 wins, one tie and 31 triumphs—the last 17 in a row. Fordham, loser to the Texas Aggies in the Cotton Bowl last New Year's Day and Missouri's opponent in the Sugar Bowl this coming Jan. 1, is third with a record of .842, compiled by winning 32, losing six and tying three. The Aggies, headed back to the Cotton Bowl for the second straight year, stand fifth with a percentage of .822.

Irish Are Fourth Notre Dame, on the upgrade under the direction of Frank Leahy, jumped from eighth with a percentage of .791, to fourth with .833 on the strength of eight victories and a tie in nine games. Santa Clara, winning only six of its nine contests, dropped from second to sixth.

## DON HUTSON HAS ALMOST SEWED UP HIS CLAIM TO PRO SCORING CHAMPIONSHIP

Chicago, Dec. 2—(AP)—Don Hutson's 20-point spurge against the Washington Redskins Sunday not only gave the Green Bay Packers end three new total scoring marks for the National Football League record book but also practically sewed up his claim to the individual point-making title for the season.

His total stands at 94 points, a new league high. He has achieved this on 12 touchdowns—itsself a new record—and 20 points after touchdown and a field goal. By running his lifetime mark to 386 points against the Redskins Hutson also broke the loop's all-time scoring record.

Hutson is 35 points ahead of his nearest competitors, George McAfee and Hugh Gallarneau of the Chicago Bears, each with 60 points. McAfee had been Hutson's only challenger until Gallarneau came through with three touchdowns against Philadelphia Sunday. Each has 10 touchdowns and one more for either will tie the former high of 11, while two more will equal Hutson's new touchdown mark.

Four points back of the two Bears is Clarke Hinkle of Green Bay with 56 points.

## FIGHTS LAST NIGHT

(By The Associated Press)  
New Orleans—Leo Rodak, 134½, Chicago, outpointed Joe Peralta, 133, Tampa, Pa., (10).  
Chicago—Eddie Lander, 134, outpointed Vic Troise, 140½, New York (10).  
Baltimore—Gus Dorazio, 191½, Philadelphia, outpointed Buddy Walker, 200½, Columbus, O. (10).  
Cleveland—Anton Christoforidis, 163, Cleveland, outpointed Cefero Garcia, 158, Los Angeles (10); Joe Maxin, 178, Cleveland, outpointed Clarence (Red) Burman, 186, Baltimore (10); Fritz Zivich, 143, Pittsburgh, won by technical knockout over Harry Weekly, 142, Alliance, O. (9).

## LOCKE'S RECORD STANDS

Chicago—No Western Conference back has come within 10 points of Gordon Locke's scoring record of 72 points set in 1922.

EAGLE BACK SOUGHT Boston—Professional football scouts are interested in Frank Maznicki, Boston College halfback who had an average gain of 7.1 yards per try and caught 10 passes for 144 yards.

LOBSTER CLAWS The two great claws of a lobster are made for different purposes: one for cutting and the other for crushing. When a claw is lost in an accident, the one that replaces it may be of the opposite type, however.

## "Flower Girls" Hold Scant Lead in Bowling Loop

It's not all a path of roses for the "flower girls" of the Ladies' Bowling league. The Dixon Floral shop quintet still holds the lead in the circuit, but only one game out of first place are the teams representing Dr. Bend and Villiger Drugs.

Last night the leaders won two games from the Peter Piper "Pretties" at the Dixon Recreation. Leading the winners was P. Carson with 485 and Finch scored 433 to lead the Piper team.

Bowman Shoes took a sudden drop in the standings by losing three games to Frazier Roofing. Heyer's 421 was high for the shoe store team and Hoff counted 387 to lead the winners.

Villiger Drugs won three games from Dixon Cafe as Huyett's 420 was high for the winners and Keifer counted 403 for the cafe crew.

Budweise Gardens swept the series from Kathryn Beard's team as Harwood's .44 led the garden gais and Klein counted 481 for the Beard quintet.

Dr. Bend's team won two games from Rainbow Inn as Slaats and Egan each counted 435 to lead the winners and Miller's 477 was tops for the losers.

Lorene Beauty won two games from Plum Hollow as Cline rolled 414 for the golfers and Page scored 393 for the winning beauties.

Manhattan cafe won two games from Christo grocery. A series of 459 by Corso was tops for the cafe and Schertner chalked up 370 to lead the grocery gang.

Nu-Fashion Beauty won two games from Eichler Bros. Oehl scored 461 for the winners and Dixon's 405 was tops for the losers.

## Standardized Baseball Urged in Minor Loops

By ROMNEY WHEELER

Jacksonville, Fla., Dec. 2—(AP)—Baseball "ivory hunting"—the most hazardous of business gambles—would be just like buying beans at the corner grocery if the minor leagues adopt a proposal put forward here by a New York state sports editor.

Jack Minnoch of the Amsterdam (N. Y.) Recorder, second vice president of the National Federation of Baseball Writers, wants the minors to standardize specifications of baseballs. And he has warm support in the major leagues, where the boys put hard cash on the line for talent.

Minnoch dug into the 1941 batting averages and came up with some significant figures. The Piedmont league, Texas League and International League each use baseballs identical with those specified for the big leagues. Each league had exactly eight hitters last season who averaged .300 or better. The ball (Spalding) has what its manufacturers describe as a cork-cushion center. The makers rate it as not particularly lively.

Range In Averages The Southern Association, Southeastern League and South Atlantic League use another make (Goldsmith) with a rubber center. The average ranged from ten .300 hitters in the South Atlantic to 29 in the southern and 30 in the southeastern.

A third maker (Wilson) produces a ball similar to that in the big leagues but calls it a bit livelier because of slightly different materials. The American Association, using this ball, showed 16 batters averaging .300 or better, while the Canadian-American league—which Minnoch said had subnormal pitching last season—listed 28 batters in the same class. "I believe standardization of the ball would give us more honest averages," ventured C. H. Rowdish, treasurer of the Oneonta club in the Canadian-American.

## Sports Roundup

By HUGH FULLERTON, JR. (Wide World Columnist)

New York, Dec. 2—(Wide World)—Looks as if Bob Feller doesn't intend to wait for the draft to get him. Latest report, following his visit to Washington last week, is that Bob may get a second lieutenant's rating in the Army air corps and will be assigned to Wright Field at Dayton, Ohio. Did you notice that five field goals were kicked in the Canadian football championship final Saturday? Star of the winning Winnipeg team was Fritz Hanson, who has played seven seasons with the Blue Bombers after finishing at South Dakota State.

## Today's Guest Star

Jay Simon, Coffeyville (Kans.) Journal: "Minnesota finished its season with a record of 17 straight victories. Coffeyville junior college's Ravens won with an unbroken string of 18 triumphs. Up around Minneapolis the fans are Raven about the Gophers; down here they really Gopher the Ravens."

## Odds—and Some Ends

Winding up the season, New York football writers picked Princeton's press-box as the best on the eastern college circuit and the Yankee Stadium's as the worst. A hundred and thirty-nine years of baseball brains was in one room when Hans Lobert visited Connie Mack the other day. Connie's advice was: "It's all right to keep discipline with your players, but don't be unreasonable." The California fight manager who has been raffling off a fighter at \$1 a throw says if the stunt is successful he'll raffle off himself. A Philadelphia Journalism teacher, trying to keep his pupils alert for unusual events, uses the hypothetical headline: "Phils Win Pennant."

## Amusements

**HOLLYWOOD ICE REVUE**  
Chicago's Back again in the Chicago Stadium from December 25th to January 4th with no performance on January 1st, with a newer and greater edition of her Hollywood Ice Revue, Sonja Henie and the world has produced only one Sonja — is looking for bigger and better worlds to conquer in this business of entertaining America on skates. Ever since she first appeared in this country as a professional in the spring of 1936, the Norwegian star has been setting box office records for attendance and earnings and this season she bids far to outdo the efforts of previous years.

She is again the prime mover and leading figure of the most extravagant ice revue ever produced by anyone, and is extremely proud of the job done by her producer, Arthur M. Wirtz, of the Chicago Stadium interest, but even though Sonja is proud of those who work with her, the bulk of the credit for the show must go to the little lady herself.

One cannot think of figure skating or ice revues without first thinking of Sonja Henie, she was the sparkplug that put the sport and the revue form of entertainment over the top and she is a living example of what can be accomplished by hard work. There are few persons in the sport show world who have attained the perfection in their training field that Sonja Henie has in hers and, like Sonja all of them have had to work for it, but none of them ever worked any harder.

She is the greatest woman figure skater of all time, but she is also the greatest box-office sports missionary of all time and one of the greatest attractions that has entered the motion picture industry.

Miss Henie was supreme in her chosen sport for 10 consecutive years, a record that no other woman has ever qualified.

The costumes and production of the Sonja Henie 1942 Hollywood Ice Revue has run above \$200,000 and some of the finest skaters in the world have been added to the cast to form a well rounded program. Peter Killian, Dorothy Caley, Jeff Stevens and the Brandt Sisters are a few of the solo performers who are making their debuts in the Sonja Henie productions.

In order to avoid disappointments and congestion at the ticket offices, Arthur Wirtz, Executive Vice President of the Chicago Stadium and producer of Sonja Henie Revues, has established an up-to-the-minute mail order service. Tickets for all performances are now on sale, and they are priced at \$3.00, \$2.20, \$1.65 and \$1.25. Simply send a certified check or money order with your choice of three dates and a self-addressed envelope to the Chicago Stadium Corporation, 1800 W. Madison St. Chicago, Illinois and protect yourself against the disappointment that was the lot of thousands of persons who hesitated last year.

**PEDESTRIAN INJURED**  
Chicago, Dec. 2—(AP)—Charles Thorp, 79, of Crystal Lake, suffered a skull fracture and other injuries when he was struck by an automobile last night. He was taken to the Belmont hospital. Driver of the car was Ralph Otto, 16, of Chicago.

**RECORD**  
During 1939, a total of 23,356 vessels with a total tonnage of 11,993,815 entered the port of Vancouver, British Columbia, for an all-time record.

## A Great Ship Dies—Last Moment of British Aircraft Carrier Ark Royal

Mortally wounded by torpedo fired from axis submarine, the British aircraft carrier Ark Royal—repeatedly "sunk" in German propaganda reports—lists heavily to starboard as destroyer at left pulls alongside to rescue survivors, some of whom may be seen clustered on high side of deck. Cabled from London, this photo graphically illustrates one survivor's remark, "It's a terrible thing to see a great ship die." (NEA Telephoto.)

Plans for the Christmas party

to be held Dec. 15, were completed during a meeting of the Sunday Evening club of the First Presbyterian church.

The business meeting was conducted by Don Cannon, president. The topic for this first of a series of study programs was "Herbert Hoover's plan to feed Europe."

Rev. and Mrs. John W. Goodpasture entertained in their home and served refreshments at the close of the meeting.

### Auto Catches Fire

The Mendota fire department answered a fire call Saturday at 2:15 p. m., when wiring on the Plymouth car, owned by E. A. Edmondson, caught fire at the intersection of 6th ave. and 9th street.

When the department arrived, employees of the Snyder Auto Electric shop, located a block away, had the fire under control with a small fire extinguisher. Burned wiring was about the only damage.

### Mrs. Piper Entertains

Mrs. Floyd Piper entertained members of the Saturday Evening Contract club in her home Saturday evening.

Prizes were won by Mrs. Harold Lown and Mrs. Piper. The hostess served light refreshments.

The club will hold its Christmas party and gift exchange in two weeks with Mrs. Dallas Wulf, hostess.

### Personals

Miss Esther Forth, Miss Lois Clinite, Miss Alma Clinite and Roland Clinite spent Saturday in Chicago.

Rev. Lawrence Schumacher, Peterstown, spent Friday, Saturday and Sunday conducting forty hours devotion in the Loretta Catholic church.

Mr. and Mrs. Joseph P. Strem-laud, Mr. and Mrs. Leo Sondergerth and Mrs. Joe Engels, Peterstown, and Mrs. Christine Engels, Sheldon, Ia., attended the 35th wedding anniversary party of Mr. and Mrs. Joseph H. Sondergerth in Talbot, Ind., Friday.

Mr. and Mrs. C. E. Matthews and Mrs. Maurice Tarr spent Saturday in Chicago with relatives.

Mr. and Mrs. Sanford Thornton and daughters, Julia, Katherine and Dorothy Jane, and Miss Cathryn Cain, all of Decatur, were Sunday visitors of Mr. and Mrs. A. A. Landgraf, Mr. and Mrs. Howard Landgram and Mr. and Mrs. D. C. Haskell.

The college boy or girl would appreciate a box of nice stationery with their name and address printed thereon. We have it from \$1.00 up. — B. F. Shaw Printing Company.

## Present System of Inductions Continues Until First of Year

Springfield, Ill., Dec. 2—(AP)—Selective service registrants having their draft orders for the first half of this month will not receive the benefit of delayed induction under the pre-induction examination plan which Illinois is expected to adopt next month, state Draft Director Paul G. Armstrong said today.

Under the system, now in use in other states, men selected for induction would be given physical examinations by army physicians 30 days before they were scheduled to be enrolled in the army.

The present system under which induction follows the army doctors' examination immediately, unless candidates are rejected, will continue until January 1, Armstrong said.

### FIRST LOCOMOTIVE

Richard Threlkith, an Englishman, designed and built the first locomotive to run on rails. In 1804, he demonstrated his machine's ability to haul heavily-laden ore cars several miles.

There were 252,432 visitors, in 76,721 private automobiles, to Crater Lake National Park in 1940.

## Huge Crowd Expected

Merchants have all in readiness to take care of a huge crowd downtown Wednesday night, when the formal Christmas opening is held. At seven o'clock sharp, the city whistle will blow long and loud announcing the formal opening of the Christmas shopping season in Rochelle. At the signal, store windows will be lighted up displaying the talents and artistic tastes of the merchants as well as their articles of display. Rochelle has been noted in recent years for the unusually attractive display windows which far exceed those of most city shops.

The lights of the city street decorations (arranged this year for added safety) will also be lighted at the hour of opening, and Santa Claus will arrive in splendor, accompanied by carloads of children who wish to escort him downtown. Car transportation will be furnished for children who wish to ride with him from the city limits to the business section. All children should mail their letters to Santa, or hand them in at the Chamber of Commerce office, to make sure that Santa receives them. He will be assisted by Miss Mary Christmas, and will talk with children on the streets, as well as to the parents by means of the loud-speaking unit.

Most Rochelle residents downtown Wednesday evening, will meet shoppers from surrounding towns and rural districts for miles distant.

All shoppers will want to take advantage of the treasure hunt, and should inquire of all merchants for tickets.

## Holiday Decorations

The Chamber of Commerce is encouraging the already established custom of decorating homes and landscapes for the Christmas season. To make this custom interesting as well as making Rochelle one of the most beautiful cities in northern Illinois at Christmas time, the Chamber is offering prizes for various classes and ratings below. Judging will be done a day or so before Christmas. All homes receiving the superior rating by the judges, will receive \$7.50. All that are classified as "high" will receive \$5.00, and others will be given honorable mention. Decorated trees, set pieces, lawns, etc. will receive \$5.00 in the superior rating group, and \$3.00 in the "high." There will also be honorable mention under this judging. Judges may place none or several in the rating classes.

## "WORTHLESS" CANADA

Victorious England at the end of the French and Indian wars in 1760 wanted to claim the tiny island of Guadeloupe in the West Indies with a area of 688 square miles instead of "worthless" Canada with its area of 3,684,723 square miles. Guadeloupe had rich sugar plantations then while Canada was relatively undeveloped.

## LIGHTHOUSE KILLS

Until recent years, lighthouses, built for the purpose of saving lives, caused the death of hundreds of birds every year. The steady white light of the old-fashioned beacons lured the birds, and their bodies were dashed to pieces against the glass.
